The new **Summer Shade Hair Protection Oil** (50ml) is a 100% natural treatment for hair and scalp that helps to reverse the damage done by sun exposure, heat, wind, salt and chlorinated water. Six plant oils with natural sunscreen benefits keep hair revitalised, smooth and nourished, while the essential oils of Lavender, Lemon, Lemongrass and Peppermint add shine and leave hair soft and tangle-free.

6 restoring plant oils

Jojoba can withstand fierce desert heat and helps to protect hair against the elements.

Sesame Seed restores a glossy shine to devitalised hair and helps protect against sea salt and pool chemicals.

Avocado penetrates rapidly into the scalp, carrying vitamins and fatty acids to nourish the hair follicles.

Coconut is highly nutritious and restores condition and shine to dry hair.

Olive is a wonderful after-sun soother, treats dry, frizzy ends and increases the tensile strength of the hair shaft.

Almond treats a dry scalp, protects hair from heat and sunlight, and nourishes hair follicles to promote growth and improve hair strength.

Sun repair

Keep summer hair soft and glossy with our specialised sun duo.
